

A POPULAR, VERSATILE DISPLAY

The versatile and popular Hopup™ display can be used in many new ways!

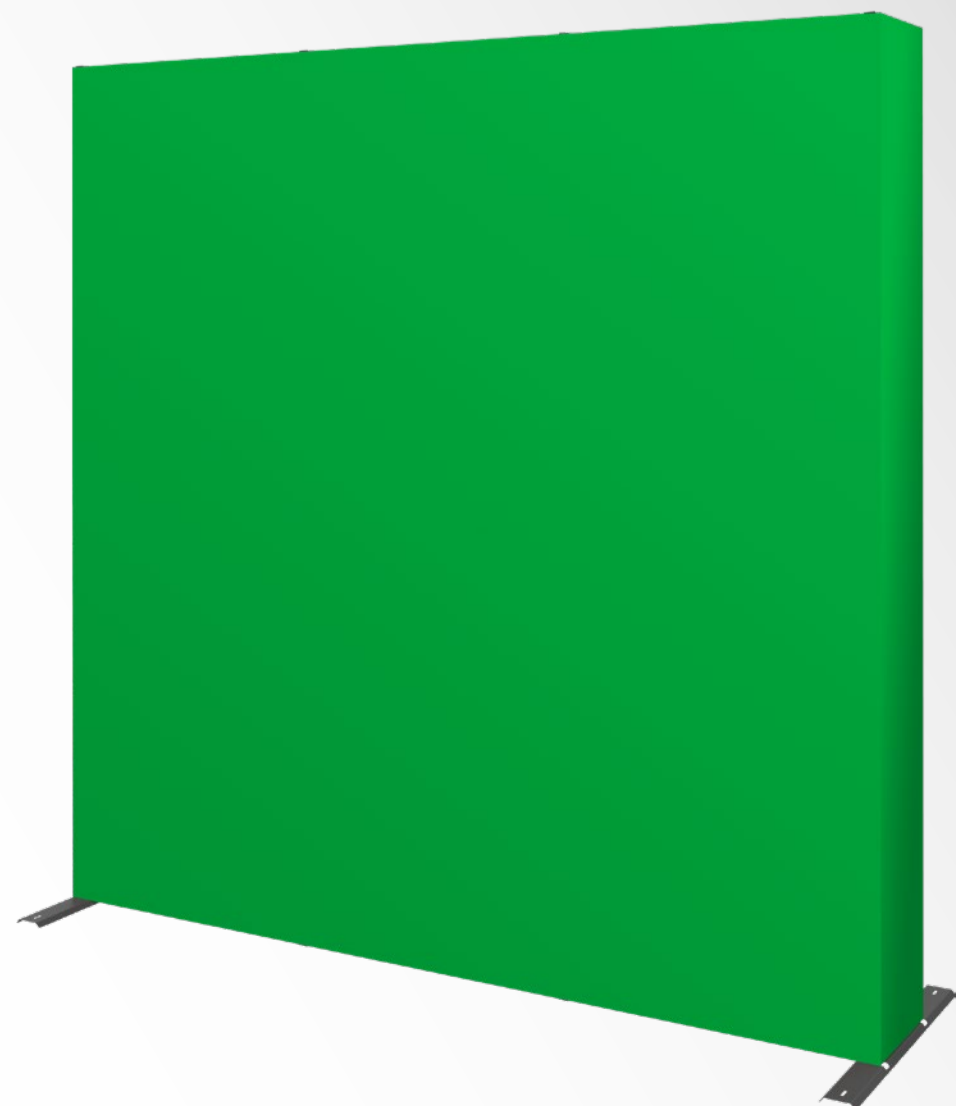

Traditionally, the Hopup is a best-seller for events, but this year we have seen many new, creative ways in which the Hopup serves a good purpose.

GREEN SCREEN

Hosting virtual meetings and tired of a glitchy background?

Adopt a simple green screen for use in the home office. The graphic can be printed with chroma green or blue and is ideal for camera chroma keying; you can easily knock out the background and use your desired background image!

- **2-Minute Set Up.** Open the frame, connect the locking arms, and the pre-attached graphic tensions as the frame expands.
- **Wrinkle Resistant.** The tensioned fabric ensures the green screen is free from wrinkles, dust, or defects, allowing for super easy chroma keying.
- **Versatile.** Use the green screen indoors for YouTube videos, virtual studio use, interviews, live meetings and more. Makes streaming easy and fun!
- **Easy to store.** Collapse and place into the canvas carry bag. Fits easily into closets, and other small storage spaces.

WELLNESS STATION

Offer a designated place for employees to receive a temperature check and disinfect on their way into the workplace. We offer complete kits, as well as accessory kits with the hands-free temperature gauge and/or sanitizing dispenser to attach to the Hopup.

- **10-Minute Set Up.** Open the frame, connect the locking arms, attach the sanitizing dispenser and / or temperature gauge and then place the graphic on the frame with hook & loop.
- **Touchless Temp Check & Sanitizing.** Battery operated temperature gauge and sanitizing dispenser ensure safe use without contamination.
- **Antimicrobial Fabric.** The antimicrobial fabric has a protective that coating inhibits the growth of microorganisms, fungus, and bacteria.

BACKDROP FOR HOME OFFICE

Hosting virtual meetings and tired of your clients seeing your personal space? Adopt a Hopup, hide the background and promote the company you work for!

- **2-Minute Set Up.** Open the frame, connect the locking arms, and the pre-attached graphic tensions as the frame expands.
- **Easy storage.** Collapse the display and place into the canvas carry bag. Fits easily into closets, under beds and in other small storage spaces.
- **Promote Your Company.** Reinforce your company logo and value proposition on the Hopup graphic.

The Hopup is offered in variety of sizes – tabletop, 8', 10', 20' and 30' wide.
